Who Am I

Karina Henry is an author, educator, traveler, and entrepreneur. Karina is a proud New York native with Southern roots who has had the pleasure of living in four countries (Thailand, China, USA, and Mexico). She is the founder of Karina Worldwide LLC. and Karina's Virtual Learning Academy for ESL Learners. She is also the author of the book series, "The Amazing Adventures of Kaylen the Kid Traveler," a children's travel book series inspired by her real-life experiences as a teacher living in China and traveling throughout Asia, Africa, North America, South America, and Europe.

Her vlog and social media platforms focus on her life as a fashionable plus-size black female solo traveler who enjoys affordable and unforgettable travel experiences while immersing herself in the cultures of the places she explores. She enjoys documenting her adventures, struggles, challenges, and triumphs as an expat and uses her influence to inspire others who are interested in living life while experiencing the world - whether domestically, internationally, temporarily, or permanently.
